

COVID-19 Response

Dear Parents, Students, and Youth Leaders,

Please be aware of some changes to Fall Fling 2020 due to COVID-19. We still plan to have a fun and inspirational event. That can only happen when we all respect each other. While many restrictions in many places have been lifted, we are continuing to implement everything we can to protect everyone involved in Fall Fling because COVID-19 is real. Summit Christian College and WestWay Christian Church appreciate your thoughtful understanding and respect for the health and safety of everyone attending and those who will have contact with anyone attending.

We can respect each other by following these rules:

1. **Tackle your temperature** every morning.
 - We will be taking your temperature with a no-touch thermometer when you arrive every day. If you are able, please monitor your temperature on your own as well.
2. **Physically distance** outside of your youth group.
 - Be a least two arm lengths away from any person who did not come with your youth group.
 - We have provided space and activities for you to still have fun while maintaining distance.
3. **Wear Masks** when you can't distance.
 - Wear masks when you can't stay more than two arm lengths from anyone who did not come with your youth group.
 - We will provide one mask per person, but please also bring your own to switch out over the weekend.
4. **Wash your hands** often, especially before eating.
5. **Tell your group leader** right away if you start feeling ill or have any of the known COVID19 symptoms.
 - If you have multiple symptoms, you will be provided a space to quarantine until your parents can come pick you up or you are otherwise able to go home.
 - Don't ignore your symptoms or hesitate to tell your leader. We want to address an illness as soon as possible.

We are asking and counting on every group leader to do their part to make sure your group knows, understands and follows our implementation of these government guidelines in order to have a safe, fun, and inspirational Fall Fling 2020!
